7.1.1 - Measures initiated by the Institution for the promotion of gender equity during the year

The Karnatak Science College is committed to gender equality and safety of women staff and girls students. In order to achieve gender equality and empower women staff and the girl students, the Karnatak Science College has the following bodies to ensure gender equality.

1. SNEHA Counseling Cell

2. AKKA Association

In addition to these the college has policy to prevent sexual harassment in the College campus. In Karnatak Science College, the admission is on the bases of merit cum roaster. During the last couple of year's number of girl's students admitted in the college is more than boys in all the programs. Hence, it is the responsibility of the institution to ensure the safety of the girl students in the campus. To achieve this, college has SNEHA Counseling Cell which is actively conducting diverse programmes to benefit the girl's students. The main objective of this cell is address the girl students grievances and to motivate them for their study and to create conducive atmosphere to share their issues without any hesitations. Sneha cell arranged a special lecture by an emirates psychiatrist Dr. Anand Pandurangi, Consultant Psychiatrist. He explicitly explained how communication with the strangers over different social media puts the women and college students in trouble and how they faced mental trauma etc., How to overcome such type of incidence, if happens. Sneha counseling members were constantly in touch with the girl students and obtained the feedback from them they expressed that they are not facing any type of discrimination or harassment.

AKKA association is another important cell which takes care about the safety of the girl's students. Under this association program conducted on "how to empower with the available resources" Prof. (Smt) Jalihal was the resource person. Beside AKKA association conducted program on International Women's Day all women staff of our college and girl students were actively participated in the programme. During this academic year the college has not noticed any kind of complaints regarding the Sexual Harassment, Discrimination. It indicates that there is encouraging atmosphere prevailed in the campus, therefore all the boys and girls in the college are comfortable.

One day program organized by Akka Ladies Association, Sneha Counselling Cell
