2.3.1 -Student centric methods

Student-centric methods, such as experiential learning, participative learning, and problem-solving methodologies, are employed to enhance the overall learning experience.

In our college, students visit agro-based units, fields, and industries, which helps them comprehend the curriculum better. Students regularly participate in workshops, conferences, cultural events, and a variety of competitions held both inside and between colleges.

For more effective instruction, teachers make use of teaching aids like graphs, maps, and models, in addition to using the conventional chalk and board method to effectively communicate ideas. In life science courses, students are required to practice diagrams pertaining to physiology and histology. They receive curriculum-based homework assignments, participate in lengthy problem-solving sessions, and are required to submit handwritten assignments with diagrams drawn by hand to improve their writing and drawing abilities.

The students are motivated and provided a platform to organize events at the college level, which develops leadership qualities, team-building skills, and communication skills.

Students at the college are actively encouraged to participate in seminars, workshops, and national conferences as part of their holistic learning experience. The institution takes proactive steps by seeking approval from the university to provide financial assistance to students who represent the college at national-level festivals or competitions.

The college enables participating students by facilitating the concerned staff members to join them at the event, providing intellectual and moral support. This fosters the students' pursuit of excellence.

Small projects are assigned to students by departments such as Botany, Chemistry, Geography, Physics, Microbiology, Industrial Fish and Fisheries, and Zoology, aiming to spark their interest in research. The College Gymkhana organizes quizzes and cultural activities to help students develop their talents and creativity.

ONE DAY WORKSHOP AND TRAINING PROGRAM ON RENEWABLE ENERGY SOURCES AND SOLAR POWER

On 16th November 2022, B.Sc. students from our college, accompanied by four faculty members, visited the "**Jnanavikasa Orientation & Training Institute**" located at the SELCO Solar Light Pvt Ltd, Campus in Rayapura, Hubballi. The purpose of the visit was to receive training on solar lighting and power systems. The students were enhanced their knowledge of solar lighting and power systems. Dr. Saraswati P. Masti, SWO and Shri. M.R. Ranganath, HOD, Department of Physics, Karnatak Science College, Dharwad along with two more faculty members accompanied the students, providing guidance and support throughout the visit.

The institute specializes in providing training on solar lighting and power systems, aiming to create awareness and promote the use of sustainable energy solutions. The visit included hands-on training sessions where students had the opportunity to learn about the working principles, installation procedures, and maintenance aspects of solar power systems. They were guided by experienced trainers and professionals from the institute. The training program also consisted of interactive sessions, allowing students to ask questions, discuss concepts, and gain a deeper understanding of solar energy technologies.

The visit to the Jnanavikasa Orientation & Training Institute provided B.Sc. students with practical knowledge and exposure to solar energy technologies. This hands-on experience will be invaluable as they pursue careers in the field of renewable energy. The training program aimed to educate and create awareness about the importance of sustainable energy solutions, particularly solar power. It emphasized the role of solar energy in mitigating environmental challenges and reducing dependence on fossil fuels. The visit contributed to the skill development of the students by equipping them with technical expertise in solar energy technologies. These skills will be beneficial as they engage in future projects and initiatives related to renewable energy.

This visit not only expanded the students' horizons in the field of renewable energy but also instilled in them a sense of environmental consciousness. It is expected that the knowledge gained from this training will contribute to their personal and professional growth, fostering a more sustainable future.

Our students participated in the orientation and training programme organized at Selco solar light Pvt. campus, Rayapur, Hubballi.

Selco solar light Pvt faculty explaining about Solar Lighting Power system. Our faculty members are also present on the occasion.

A group photo of participants in the training programme with college staff.

SELCO Solar Light Private Limited, Jnanavikasa Orientation and Training Institute Rayapur Dharwad

Our students are taken to visit SELCO Solar Light Private Limited, Jnanavikasa Orientation and Training Institute located in Rayapur, Dharwad on Thursday 29th December 2022 . The objective of the institute is to give self employment to the youth which are not connected to main stream. In this institute they have a variety of machine such as flour mill, swing machine , barber equipments, milking machine, chilli powder machine and much more where in the main source of power is not electricity but the solar energy. They have designed all machine such that they convert solar energy into electrical energy and that is utilised for running the machine. Since solar energy is the source of power, people can be self employed in the remote part where there is no supply of electricity and can serve the local community along with the earning th money.

Our students are introduced into such opportunities where in they are motivated to have innovation and determination which can make them self employed not only employed but also can become an entrepreneur to help the society. Students are much impressed by the innovations and ideas. The manager Smita Mudhol along with her team demonstrated and explained the basic working principle of all the machines. Mr. Syed one of the trainers have demonstrated working of solar panel its installation and other related issues. He also demonstrated and explained how solar heater works. The entire building electricity requirement and hot water requirement was fulfilled by those panels he explained. Students along with demonstration they also visualised the short video which shows how practically people are implemented these equipment in their life to earn bread and butter. There is also one solar village model which really showed how solar energy can be utilised to self dependable power of entire community. Along with the students teachers also impressed by the application of solar energy. At the end of the visit students are so much impressed and happy that they have given feedback to the trainer. Some of the pictures related to the visit are shown below.

Mr. Syed one of the trainer have demonstared working of solar pannel

Smita Mudhol, Manager Selco Solar Pvt.Ltd Giving Demo

Group Photo of the participants attended for the Training Program

**Microbiology Students at Nichrome Testing Laboratory and Research Pvt, Ltd, Dharwad.
Duration: 15/03/2022 to 14/05/2022**

Title of Project: "Bioremediation of Cadmium and Chromium from Industrial Effluents by Indigenous Bacteria" – A Prudent and Innovative approach towards the Swachh Bharat Mission.

Name of the students:

- 1. Mr. Anirudha Kulkarni – BSc V Sem, Microbiology**
- 2. Miss. Divya Holeyachi – BSc V Sem, Microbiology**

MOU activity Duration: 22/04/2022 to 14/05/2022 (2022-23)

Guide Teacher: Mr. Ambarish Sindagi, Lecturer, Department of Microbiology attended the guided for the project.

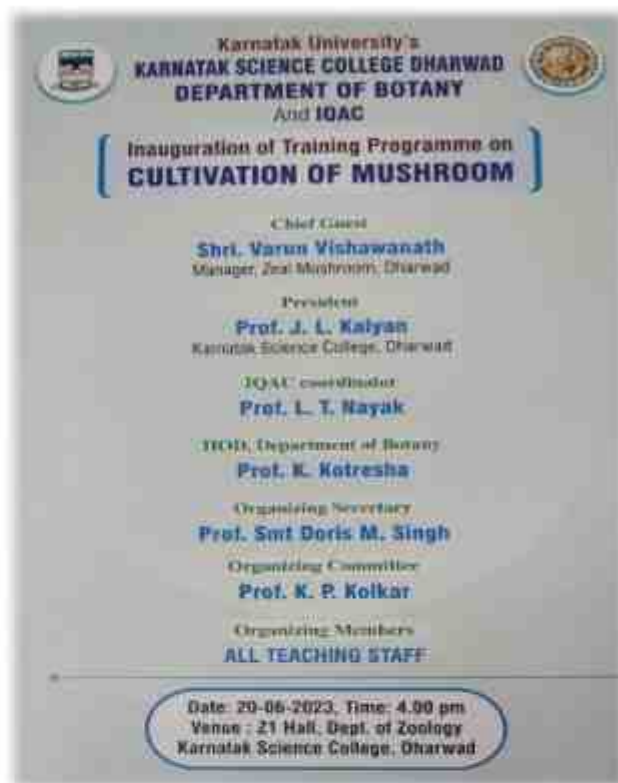

Project Report : Heavy metals like Cadmium and Chromium are usually more persistent than the other metals that cannot be easily degraded in the environment and there are high chances of these contaminants entering the food chain which can cause major health issues. It is a more comprehensive interdisciplinary approach to bring lab-scale bioremediation process to large-scale technology that will be acceptable by industries across the nation. The present study deals with

isolation, identification and characterization of Cadmium and Chromium heavy metal resistant bacterial strains from contaminated soils in and around the Belur Industrial Area, Dharwad, Karnataka. Total of 10 bacterial strains were screened, out of which four bacterial strains were selected based on the highest luxurious growth and acclimatized at 600mg and 400mg for Cd and Cr metal concentration respectively. Based on the morphology and biochemical characterization, the bacterial isolates BIDS II, IV belongs to *Pseudomonas* and BIDS VI belong to *Serratia* and BIDS I belong to *Bacillus*. These four bacterial isolates showed high metal tolerance and optimum growth at 30°C for pH 7.0. The *Bacillus* (BIDS I) and *Pseudomonas* (BIDS II) showed maximum removal of Cd (87% and 78%) and Cr (83% and 75%) after 72 hours of incubation respectively. The bacterial isolates *Pseudomonas* (BIDS IV) and *Serratia* (BIDS VI) could efficiently remove Cd (72% and 70%) and Cr (69% and 65%) after 72 hours of incubation respectively. The *Pseudomonas* and *Bacillus* strains are promising and significantly used for bio-removal of Cd and Cr from industrial effluents with minimum cost and high efficiency. These strains are efficiently reducing the BOD, COD and other chemical parameters up to 80% from industrial effluents. It can be successfully implemented as a bioremediation technology in Effluent Treatment Plants (ETP), cleansing drinking water and large-scale control of water pollution in developing nations. It gives an additional dimension to the so-called “Green Technology” as the proposed technique is eco-friendly. This novel bioremediation technology is relevance to the society with the saying Recycle, Reuse and Recreate. The biomass created during this study can be used as biofertilizers. This bioremediation technology will support “Swachh Bharat Mission” of Government of India for the waste water cleanup technology.

Research Project Activity Outcome:

For this project work Mr. Anirudh Kulkarni awarded as **Best Juvenile Innovator/Inventor** during the **Regional IYIC-2021** held at Regional IYIC-2021 event, which was held on 16th and 17th April 2022 at Gulbarga University, Kalaburgi, organized jointly by **National Council for Science and Technology Communication (Department of Science and Technology), Government of India, New Delhi, NOSTC (Network of Organization for Science, Technology and Communication), New Delhi and Karnataka Rajya Vijnana Parishat (KRVP)** at Gulbarga University, Kalaburgi and got selected for the **National Event of IYIC** held on 27th and 28th May - 2022 at Sigma University, Vadodara, Gujarat.

REPORT ON MUSHROOM CULTIVATION

INAUGURAL FUNCTION:

The Mushroom Cultivation programme begun with the Registration of students from all disciplines of the Karnatak Science College. Nearly 72 students from various subjects like Botany, Zoology, Microbiology, Biotechnology, Geology, Chemistry registered for the training programme.

It was on 20.06.2023 at 4.00 pm at Z1 hall, the inauguration of the Training programme commenced with welcoming the Guests and students by Dr. K P Kolkar. Chief guest Shri Varun Vishwanath, Manager, Zeal Mushroom, Dharwad addressed the eager students who were all set to learn the cultivation of oyster mushroom. The Chief guest spoke on the threats and challenges during the cultivation of mushroom on large scale. How he managed to develop various techniques and packaging skills during the large scale of cultivation. He also stressed on how he has developed an innovative value added product like mushroom jam which is the first of the kind in India. This encouraged the students to learn a new technique so that they too could be small entrepreneurs of mushroom farming. Principal Prof. J. L. Kalyan presided over the function; and Prof. L.T. Nayak, IQAC Coordinator spoke on the importance of this kind of Training Programmes for the students. The organizing Secretary Prof. (Smt) Doris M. Singh spoke about the workshop which attracted the registered students to spend time on learning new techniques

apart from their daily routine of class room. These programmes help students to develop their skills and evoke them to understand importance of small scale entrepreneurship and development of value added products. Student participant Mujamil Surfraj proposed the vote of thanks.

INTRODUCTION:

Mushroom is nothing but the Basidiocarps (fruiting bodies) of the Basidiomycetes which is a class of the fungi. They are fascinating organisms with over 1000 of species having different shapes. The mycelium grows underground while the Basidiocarps grows above the ground. Growing mushrooms ourselves is the safest way for eating mushrooms because we can see exactly the type of mushroom we are growing. Growing mushroom is a logical step as we can really learn more about their life cycle as we are doing the cultivation. In nature it just sprouts from underground mycelium but it actually requires the decomposed leaves, tree trunks and with the help of Mycorrhizal fungi. Mushrooms are nutritious having high protein, fiber, minerals and fat free, and also delicious which is pure vegetarian.

PROCEDURE:

PREPARATION OF STRAW

Paddy straw is cut into 1 inch size and steeped over night in clean water. The hay is drained off from water and sterilized with a pinch of fungicide at 121⁰C for 15 minutes, cooled after autoclaving.

INOCULATION:

The hay is filled into polypropelene bags in layers. Taking sterilized hay and filling in small quantities at a time before putting the next layer, the spawn is inoculated to the sides of the hay, in between the hay and the bag. Likewise the hay is filled to three fourth of the bag. The bag is sealed and small pores are made in the bag and kept in the dark for 21 days and Sprayed alternating days with water. Mycelium develop and fill the bags as white patches and then later completely throughout the bag.

BASIDIOCARP DEVELOPMENT:

When the mycelium has developed throughout the hay the bags are cut open and the whole pack of hay tightly interwoven with mycelium are hung by rope allowing further development giving way to basidiocarp to grow. At this time light is given for its development (12 hrs light and 12 hrs dark) and spraying of water is continued for 21 days.

HARVESTING :

Within a week fingerlike projections arise which bloom into large sized basidiocarps.

1st HARVEST per bag. :- The crop obtained was 557 gms.

2nd HARVEST per bag. :- The crop obtained was 358 gms.

3rd HARVEST per bag :- The crop obtained was 255 gms.

MARKETING:

The Students requested that they would like to market their product to get hand on training on cultivation and finally marketing their cultivated mushrooms.

OPINION OF STUDENTS:

Name: Sharvan Pujari

Class: B.Sc. IV

I would like to express my thanks to our college and beloved lecturers for giving me an opportunity to perform good project work. I learnt so many things about 'Mushroom Cultivation' while growing. I have enhanced my knowledge in Mushroom Cultivation. I hope to be a good entrepreneur.

Name: Fakkires B.K.

Class: B.Sc. IV

I am very happy to share my opinion about Mushroom Cultivation programme organized in our Botany Department, KSCD. I am very much thankful to our beloved lecturers Dr. (Smt.) Doris M. Singh mam, and Dr. Veena mam and also our college for giving such a wonderful opportunity.

I learnt many skills in this activity; this programme enhanced the understanding of mycology and their applications.

Name: Manjunath. Anegundi

Class: B.Sc. IV

I would like express opinion about Mushroom Cultivation, in our college organized Mushroom Cultivation programme under the guidance of Dr. (Smt.) Doris M. Singh mam, and Dr. Veena mam. We learnt the procedure of Mushroom Cultivation and we got good results, and it was enriching initiative that combined theoretical knowledge with hands on experience and also empowering participants to explore Mushroom Cultivation with confidence.

Thanks for giving this opportunity.

ACKNOWLEDGEMENT:

As a team the Organizing Secretary and students would like to thank Principal for supporting the training programme financially. We thank IQAC Coordinator for initiating the training programme. We thank HOD for providing space for mushroom cultivation. And last but not least the sources of all inspiration and overall success of the Training Programme we would like to thank Ms. Veena Rokhade.

Watering the plant by Guest

Cutting of straw to one inch for mushroom cultivation

Sterilization of paddy straw

Process of Spawning (Batch I)

Harvesting of Mushroom after 32 days

Submission of harvested Mushroom to course coordinator and staff

**"ONE DAY WORKSHOP ON Gamma Ray Spectroscopy"(For B.
Sc. VI Semester Students)**

Nuclear reactions are accompanied by the emission of charged particles such as alpha, protons, electrons, uncharged neutrons and electromagnetic radiations like gamma rays and X rays. In order to understand the properties of these particles or radiations and also their interactions with the atomic nuclei, different types of nuclear detectors are employed. Examples for these detectors are GM counter, proportional counter, ionization chamber, Si (Li) and HPGe semiconductor detectors, Inorganic and organic scintillators, photographic emulsions, Cerenkov detectors and Bubble chamber. Most widely used detector is NaI (TI) scintillator Gamma Ray Spectrometer. It is reported that around 300 radio nuclides can be easily detected with this detector. This GRS is used extensively in the study of nuclear structure, nuclear transitions, nuclear reactions, in space research, and also in the elemental and isotopic analysis.

The Einstein Study Circle forum of Department of Physics, Karnatak Science College, Dharwad had organised one day workshop on Gamma Ray Spectroscopy (GRS) on 4th May 2023 for B.Sc. VI semester students. Twenty students participated in this workshop. The workshop was inaugurated by Principal, Dr. S.C. Chougala. In his inaugural address, Principal emphasised on developing additional skills along with the regular academic programme. Prof. M.R. Ranganath, H.O.D., Department of Physics, accentuated the merits of GRS in the campus and motivated the students to involve actively in the workshop. Dr. (Smt.) Nirupama J.M., Chairperson, Einstein Study Circle, highlighted about the objectives and importance of the workshop.

In the morning session, resource person, Dr. Nirupama J.M. gave a lecture on classification of detectors, working principle of NaI(Tl) scintillator detectors, basic mechanisms involved in the interaction of Gamma rays with the material of the detector and applications of the nuclear detector in various fields. Resource person, Prof. Blaise Lobo elucidated about different parts of the Gamma Ray Spectrometer, conversion of light output into electrical signal, signal processing, pulse height analysis, energy calibration and data acquisition. In the afternoon session, Resource persons Mr. R.C. Yadav and Prof. M.R. Ranganath gave hands on training to the students on Gamma Ray Spectrometer.

Kumari Srushtri Hebballi sung invocation song on the occasion of ONE DAY WORKSHOP ON Gamma Ray Spectroscopy.

Student and Staff participating in ONE DAY WORKSHOP ON Gamma Ray Spectroscopy

ONE-DAY WORKSHOP ON INTELLECTUAL PROPERTY RIGHTS

One Day Training Programme on Intellectual Property Rights was organized on 24th May, 2023 from 10:30 am to 5:30 pm. The Programme started with registration followed by inaugural function. In this event 74 students were participated. Mrs.Sujata Gadad, an Advocate from the P.G. Department of Law, Karnatak University, Dharwad was the resource person. Mrs. Sujata Gadad provided valuable knowledge about the intellectual property rights and their significance in day to-day life. In fact the training session was fruitful and Participants were benefited. The programme concluded with a valedictory function where certificates were distributed to the participants. Dr. L. T. Nayak, IQAC Co-ordinator, Dr. Saraswati P. Masti, SWO and teaching and non-teaching staff were present in the event.

ONE DAY WORKSHOP ON SOFT SKILL FOR CAREER GROWTH

One day workshop on “Soft Skills for Career Growth: *Intra and Interpersonal Skills, Work Ethics, and Leadership Qualities*” was conducted on 27th May 2023. Dr. Manali Karmakar, Assistant Professor of English, School of Social Science and Languages, VIT Chennai Campus, was the resource person. 83 students attended the session and majority of the students interacted with the resources person. In the first session Dr. Manali Karmakar explained Intra and Interpersonal Skills, Work Ethics and Leadership qualities and conducted practical test and solved the student’s problem related to soft skills. The workshop was so meaningful and students enjoyed the session.

TWO DAY WORKSHOP ON RESEARCH METHODOLOGY

Two day workshop on Research Methodology : Two Days Workshop was organized on Research Methodology for all the PG Students of Physics, Chemistry, Mathematics and Botany subjects on 15th and 16th Feb, 2023. This workshop was inaugurated by Dr. H.B.Walikar, former Vice Chancellor, Karnatak University Dharwad on 15th Feb, 2023. He delivered key note address on Big Bang theory and Prime numbers. Dr. Nilkamal Mahanta, Head, Department of Chemistry, IIT - Dharwad gave first invited talk. First talk was on the topic: "Higher Studies, Research Opportunities and Career Prospects in Science". He told students how one can get into IIT through various modes like JEE, GATE, Project Fellowship to pursue their education at IIT's and IISc and National institutes of research . Dr. M. K. Rabinal, Professor, Department of Physics, Karnatak University, Dharwad gave the second invited talk on the 16th Feb, 2023. Professor's focus of the lecture was on Research methodology, and highlighted the mode of research encouraged to look at the existing problems around us and analyze it. Dr. Koushik Saha, Assistant Professor, Department of Physics, IIT Dharwad, delivered lecture on the History of Evolution of Science and Physics. Principal of the college Dr. S. C, Chougala was present throughout the workshop and felicitated all invited speakers and guests. H.O.D of all PG departments, Dr. S. D. Dummawad, Dr. K. Koteresh, Prof. Ambika R., Prof M. R. Ranganath Prof. Blaise Lobo, Chairman, Science Association, Dr. Geeta Chavan, Dr. O. Kotresh, Dr. K. S. Katagi, Prof. Lalita Naik, Prof. Kalpana Dalawai were also present.

Dr. Nilkamal Mahanta, Head, Department of Chemistry, IIT - Dharwad delivering a invited talk.

Staff of the College introducing the Resource person

Dr. Koushik Saha, Assistant Professor, Department of Physics, IIT Dharwad, delivered lecture on the History of Evolution of Science and Physics.

MULTIDISCIPLINARY WORKSHOP: SANSKRIT'S DIVERSE ASPECTS

On 5th July, 2023 Karnatak Arts and Science College, IQAC, and the Department of Sanskrit, Prakriti and Yoga Studies, in association with Samskrita Bharati and Majethiya Foundation, Hubli organized workshop on Sanskrit's diverse aspects. Smt. Sumangala Dandewale, Founder President of Kursh Gyan Foundation, Shri. Sanjay Pande, Chief of Marketing and Product Strategy at Data Vault Alliance and Dr. Avinash Rasalkar were the resource persons. 82 students were benefited from this workshop.

The poster features five logos at the top: Karnatak University, Karnatak Arts and Commerce College, Karnatak Science College, IQAC, and the Department of Sanskrit, Prakriti & Yoga Studies. Below the logos, the text reads: 'Karnatak University's KARNATAK ARTS and COMMERCE COLLEGE, DHARWAD KARNATAK SCIENCE COLLEGE, DHARWAD IQAC and DEPARTMENT OF SANSKRIT, PRAKRIT & YOGA STUDIES In Collaboration with SAMSKRITA BHARATI and MAJETHIYA FOUNDATION, HUBLI Jointly Organize'. The main title is 'MULTIDISCIPLINARY WORKSHOP'. The poster lists three resource persons with their topics: Prof. D B Karadoni (Introduction of Sanskrit), Prof. J L Kalyan (Sanskrit: The Foundation of Science and Mathematics), and Dr. Avinash Rasalkar (A Brief Peek into Surgery and Medicine - in Ancient India). It also provides the date (05.07.2023), time (2.00 p.m. - 6.00 p.m.), and venue (P-1 Lecture Hall, Physics Dept. KSCD). The poster concludes with 'ALL ARE CORDIALLY INVITED' and lists the names and titles of the organizers: Dr. Rajanil (Head, Dept. of Sanskrit, Prakrit & Yoga Studies, KACD), Prof. S N Hullannavar (Student Welfare Officer, KACD), Dr. Saraswati P. Masti (Student Welfare Officer, KSCD), Prof. I. T. Nayak (Co-ordinator, IQAC, KSCD), and Dr. J. C. Mulagund (Co-ordinator, IQAC, KACD).

ANTI-TOBACCO DAY

The NSS volunteers of Karnatak Science College Dharwad (KSCD) conducted an awareness programme on the occasion of “Anti-Tobacco Day”, on 04-06-2022. In this programme, 50 NSS volunteers participated. On this occasion, Dr. Shivanand Chougala, Principal of KSCD was the Chief Guest, who highlighted the negative impact of chewing tobacco and he commented that the number of tobacco consumers has increased nowadays. In this programme, the staff of the Health department of Government of Karnataka were the Resource persons. The NSS officer and the NSS volunteers of KSCD actively involved themselves in this programme.

NSS volunteers taking oath against the practice of chewing tobacco and smoking.

OBSERVING WORLD ENVIRONMENT DAY BY CLEANING THE COLLEGE CAMPUS

Instead of just one day, the World Environment Day was observed on two days (03-06-2022 and 05-06-2022) in KSCD. The occasion was marked by digging pits in the campus as well as outside the campus, wherein 100 saplings were planted by the NSS volunteers. In this program, 60 NSS volunteers actively participated. On second day, that is on 05-06-2022, 80 NSS Volunteers and staff members of the College participated in the programme and in the Plant Protection Jataa.

Digging pits and cleaning the campus.

NSS Volunteers involved in the process of plant protection and plantation of saplings in and around the campus.

ELEVEN DAYS FREE YOGA TRAINING CAMP .

A 11 days free Yoga camp was organized from 11-06-2022 up to 21-06-2022 at Karnatak Science College Dharwad to mark the occasion of International Yoga Day (21st of June). Prof. K. B. Gudasi, Hon'ble Vice Chancellor, Karnatak University, Dharwad inaugurated the programme. Shri Yashpal Kshirasagar, Registrar, Karnatak University, Dharwad was the Chief Guest of the programme, while Dr. Anjana Tambragundi, the Finance officer of Karnatak University Dharwad was the Guest of Honor. The programme was presided by Dr. K.B.Karadoni, Principal of Karnataka Arts College, Dharwad. Dr. S C Chougala, the Principal of Karnatak Science College Dharwad and Dr. Shantaram Hegade, the Principal of Karnatak Music College Dharwad were present on the stage during this programme. In this training camp, 100 volunteers benefitted by learning Yoga. The camp was scheduled from 6:30AM up to 7:30PM on all the days of the camp. The Yoga Training Camp organized by KSCD was a grand success.

Teaching and non-teaching staff of KSCD as well as the participating students were full of exuberance and participated with enthusiasm to make this event a huge success.

Staff members and students of the college participating in the yoga camp.

BLOOD DONATION CAMP.

On 14th June 2022 (Tuesday), the NSS Unit of Karnatak Science College Dharwad organised a blood donation camp to help the Civil Hospital patients. The camp took place in the College Central Library. The camp was inaugurated by Shri Ravikumar Maliger, Member of the Syndicate of Karnatak University, Dharwad. Dr. Prakash S. Ramangoudra, the Medical Director of Dr Prakash Ramangoudar Clinic, Dharwad was the Chief Guest. Dr. K.B.Karadoni, the Principal of Karnataka Arts College, Dharwad presided over the function. Dr. S. C. Chougala, Principal of Karnatak Science College, Dharwad was one of the dignitaries present on the occasion. Dr. M. B. Dalapati, the NSS Program Coordinator of Karnatak University, Dharwad and Dr. Nandeesh, Medical Officer of Rotary blood Bank, Dharwad were the special invitees. During this camp, 160 students donated their blood. The function started at 9 o'clock in the morning. Apart from students, many members of the public also participated. The blood collected during this camp was taken by the Rotary Blood Bank, Dharwad. The college had arranged refreshments for those who donated blood in the camp. Students and other people who had participated in this blood donation camp were given certificates. After the completion of the event, the Principal of KSCD thanked and appreciated everyone present in the camp. The day ended with the recital of the National Anthem, preceded by a heartfelt vote of thanks from the Principal of the college.

INTERNATIONAL YOGA Day

On June 21st, 2022, the students and staff members of Karnatak Science College, Dharwad celebrated International Yoga Day with great enthusiasm. The event was attended by the Department Heads/Principal and staff members from different departments, all of whom demonstrated a keen interest in this practice. Altogether, 100 volunteers participated in the event, which was organized in the college playground.

The event commenced with a comprehensive introduction to Yoga by Dr C.R. Lamani, a Yoga Trainer. Mr D.B.Govindappa, the physical instructor of KSCD welcomed and introduced the dignitaries to the audience. The program kicked off with warm-up exercises, in which all the faculty members actively participated. Dr. Chandru Lamani and Shri Govindappa guided the participants regarding various sitting and standing yogic postures (asanas), with simultaneous explanation about their significance. The instructors emphasized the importance of incorporating yoga in daily life, and maintaining harmony between body and mind. The session lasted for over an hour, witnessing active participation and engagement from all attendees. The yoga instructors provided detailed explanations about each pose, and offered guidance on precautions to be taken. Undoubtedly, it proved to be a successful event.

Under the supervision of NCC officer, the Sports Instructor Mr. D.B.Govindappa and the Yoga Trainer; Dr C.R. Lamani, the International Yoga Day celebrations reached a triumphant culmination. The event was executed flawlessly, leaving a lasting impact on all the participants. The vote of thanks was by Dr. Jyoti Gokavi.

A group of students displaying their flexibility and strength on the occasion of celebration of International yoga day at KSCD.

JATHA ON THE EVE OF AZADI KA AMRUT MAHOSTAVA

Staff members, NSS and NCC volunteers who took part in the Jatha to spread awareness about 'Azadi Ka Amrit Mahotsav'.

Photographs taken on the occasion of Azadi Ka Amrit Mahotsav' Flag Jatha

Azadi Ka Amrit Mahotsav is an initiative of the Government of India to celebrate and commemorate 75 years of independence and the glorious history of its people, culture and achievements. In this regard, Karnatak Science College Dharwad conducted the following events:

- A Jatha Program was organised to spread awareness about 'Azadi Ka Amrit Mahotsav' on 06-08-2022. Seventy students participated in this Jatha.
- A bicycle JATHA was organized by NSS Volunteers on the eve of "Azadi Ka Amrut Mahostava" celebrations.

Cycle jatha was organized by NSS volunteers of Karnatak Science College Dharwad on the occasion of "Azadi ka Amrut mahotsav"

CELEBRATION OF WORLD DAIBETES DAY: WALKTHON.

On the occasion of World Diabetes Day (that is, on 14th November 2022) the NSS unit of Karnatak Science College Dharwad in association with the Rotary club and the health department of Dharwad organized a Walkathon (to observe Diabetic day). In fact, World Diabetes Day was observed by KSCD on the 13th and 14th of novemeber, 2022. The Jatha started from college campus at 8.00 am and reached Kalabhavan, and from there, the procession moved towards the market area of Dharwad city. The NSS Volunteers and other participants organized a campaign in the market area to spread awareness about diabetes. In this program, 90 NSS Volunteers, ten rotary club members and six health department staff participated.

The NSS volunteers of KSCD spreading the message of “prevention and care” on the occasion of World Diabetes day.

VOTERS AWARENESS JATHA

A "Voters Awareness Programme" was conducted on 04-05-2022 in Karnatak Science College Campus and outside the campus to spread the message of the power of democracy in action by casting the Vote. In this Jatha, 50 Volunteers and staff of the college were present. Dr. S. C. Chougala, the Principal of Karnatak Science College Dharwad, Dr. S. S. Mangalawede, the NSS Programme Officer, Prof. Kiran P Kolkar, Dr. Chebbi and NSS volunteers of KSCD were present on the occasion.

Karnatak Science College staff and NSS Volunteers participate in the process of spreading awareness about the "Power of Voting", by organizing a Voter Awareness Jatha.

SEVEN DAYS NSS CAMP AT MAREWAD

Shramadana by NSS volunteers: Cleaning the Government High school located at Marewad

Jatha to spread awareness about the negative impact of averston for the Girl Child , environment pollution and its prevention by NSS Volunteers of Karnatak Science College, Dharwad.

Practising Yoga - for Green Breath was taken up by NSS Volunteers and students of KSCD at Mariwad Village.

NSS Volunteers and staff of the college in the Koto Kanth Gayana Function

Workshop for Zoology Students from for Karnataka Science College, Dharwad on Microscope Imaging

The Department of Zoology at Karnataka University, Dharwad, organized a workshop on April 6, 2022, at the Darwin Hall within the Department of Zoology on "Brightfield, Phase-contrast, and Fluorescence Microscope Imaging" under the Scientific Social Responsibility (SSR) initiative of SERB-DST, New Delhi, with the support of the Government of India.

The event was graced by esteemed personalities, including Chief Guest Prof. B. Basavanagoud, Dean of the Faculty of Science and Technology, Karnatak University, Dharwad and President Prof. P.M. Biradar, Chairman of Karnatak University, Dharwad. Prof. C.B. Ganesh, the Principal Investigator and Coordinator of the SSR Core Research Grant, SERB-DST Project, played a pivotal role in organizing the workshop.

The workshop garnered enthusiastic participation from 25 students of Department of Zoology Karnataka Science College Dharwad who attended the event with great curiosity. The workshop sessions were carefully designed to provide comprehensive insights into three major microscopy techniques: Brightfield, Phase-contrast, and Fluorescence imaging.

Throughout the workshop, students were exposed to both theoretical and practical aspects of microscopy. The participants received hands-on training, enabling them to operate and understand the nuances of different microscope setups. This interactive approach facilitated an immersive learning experience for the attendees.

One-day training programme for competitive examinations

In view of this IQAC and student welfare officer organed "One-day training programme for competitive examinations" for students on 28-06-2022 at C-1 hall, Department of Chemistry, Karnatak Science College, Dharwad. Around 200 students from B.Sc, BCA and M.Sc programmes were participated in the programme. The following are the contents covered in the programme.

1. Students are informed regarding various competitive exams like IAS/ KAS /PSI/ FDA/ SDA/ PDO/ PC/IBPS/SBI/LIC/RRB/NTPCL for various posts available after degree.
2. Guidance given to the students regarding preparations, collection of study materials and how to prepare for the exams.
3. Students are advised to make use of 3 months of free training course in this regard in the Study in Sri Guru Ragavendra Educational Institutions, Andhra Pradesh.
4. Students are given mock test on current affairs to create awareness regarding competitive exams pattern.
5. Students are trained about time management skills and linguistics skills.
6. Study materials were supplied free of cost for participated students.

At the onset, Sri. P. Dastagiri gave students an overview of the competitive examination scenario. A competitive potential assessment test for testing students on their aptitude potential was held. Sri. P. Dastagiri said the sole objective of the workshop is to produce top rankers. "We want students to acquire knowledge rather than mere information. The students should start preparing well before they approach competitive exams. Students only learn the laws of science in the classroom, but the application is more important. Ultimately, the aim is to produce knowledgeable students". The President Dr. S. C. Chougala, Karnatak Science College, Dharwad, gave presidential remarks. Dr. Saraswati P. Masti, Student Welfare Officer, Karnatak Science College, Dharwad delivered her heartfelt vote of thanks.

Fest Report- Takshak 2K22

Students from BCA & B.Sc(C.S) Streams of First, Second and Third Years participated in the 2-day State Level Technical Fest- Takshak Organized by Dept. of MCA, Karnatak University , Dharwad on 22nd and 23^d July 2022.

The Fest was inaugurated by Mr. A.P Achar, CEO, Atal Incubation Centre, Nitte, Mangalore in the presence of Dr. Shridevi Madam, Co-ordinator, Dept. of MCA, KUD. Mr. Achar also interacted with the students for about an hour , guiding them through the basic aspects of entrepreneurial opportunities, resolving the basic queries of the students, promising free stay at the Nitte Campus to do their internship programmes for the interested students, which itself was a great opportunity for the young entrepreneurial aspirants of various colleges. After the ceremony, various events began in the afternoon session.

It also featured an entrepreneurship Workshop for the students , which was organized in collaboration with Tie-Hubli , which consisted of 6 sessions featuring Public Speaking skills, Design Thinking, Strategies related to Entrepreneurship. It also promised an exclusive internship programme for the Prize winners in various events. That also was a very skilful experience for the students.

A team of 22 students spread across 2 teams accompanied with two faculty members from the department were sent from the college to take part in various events like Coding, Creative Podium, Technical Quiz, IT Manager, Treasure Hunt and Thematic Cultural Event. All of them performed exceedingly well during the events. Late night assignments were given and were told to prepare it for the next day early morning which they did very enthusiastically. Competition level was very high and multiple teams from various colleges from North-Karnataka had participated in the events. A total of 25 colleges participated in the events and participation certificates and kits were given to the students.

Our college won various awards during the course of the fest. Rahul A , (BCA VI Sem) and Prashant (BCA VI Sem), who participated in the Coding Event bagged the First Prize. Vijay Hiremath (B.Sc(C.S) VI Sem) and Sanjay Jadar (B.Sc(C.S) VI Sem), who participated in the Technical Quiz Event also bagged the First Prize . Apart from that, Karan(B.Sc(C.S) VI Sem) and Purushottam(BCA II Sem) won the second prize in Treasure Hunt event.

In a moment to cherish for years to come, KCD bagged the **General Championship** Award as a result of more number of prizes and being in top 10 among most of the events. It was really a wonderful historic moment and a proud achievement from the students. Students along with the faculties were awarded the GC from the honourable Vice-chancellor of Karnatak University dharwad Shri GudasiSir.All those awards are now handed over to the department.

Overall it was a much needed exposure needed for our students to enhance their skills, improve their knowledge, expand their vision, socialize with fellow-mates , impart wisdom, and also gain and share expertise , which surely will reap rich rewards in the future.
