### **6.5.1 - Internal Quality Assurance Cell (IQAC) has contributed significantly for institutionalizing the quality assurance strategies and processes**

The institution has a well-organized and active Internal Quality Assurance Cell (IQAC) in place, constituted as per NAAC guidelines. The IQAC meets twice a year to plan, direct, implement, and evaluate teaching, research, and publication activities in the college.

#### **IQAC has contributed significantly in the following areas:**

**Prepare Roadmap:** IQAC prepares a roadmap for organizing programs and circulates it to all departments, striving for implementation. The schedule is discussed in the IQAC meeting, considering suggestions for further course of action.

**Academic and Administrative Audit through IQAC:** The college conducts an annual academic audit of each department, office, library, hostel, and health center through IQAC. The expert committee submits its evaluation report to the Principal and IQAC, which is then presented to HODs for suggestions and approval. IQAC endeavors to implement the suggestions made by the AAA committee in its report.

**Feedback from Stakeholders:** IQAC collects feedback from stakeholders, analyzes it, prepares an action taken report, and submits it to the concerned authority for further action, ultimately uploading it to the college website.

**Keep the College Campus Green and Eco-friendly:** Environmental audits, Green audits, and energy audits are undertaken at regular intervals to maintain a green campus.

**MOUs:** Establishing Memoranda of Understanding with reputed institutions/agencies to carry out collaborative activities.

**Organize:** Initiating value-added courses and skill-based programs, both inter and intra-institutional (workshops, seminars on quality-related themes, and promotion of quality circles).

**Preparation of AQAR:** Preparing the Annual Quality Assurance Report (AQAR) as per guidelines and parameters for submission to NAAC. Periodically, IQAC reports are circulated among stakeholders for suggestions and feedback, and they are uploaded on the official website.

**Other Initiatives:** Facilitating students to pursue special internships at reputed academic institutions, utilizing and enriching ICT facilities, adopting induction programs, organizing academic development programs, conducting placement drives, and assessing teachers' performance.

### **Awareness / Social welfare programmes**

IQAC associated with SWO, NSS, NCC and other cells, various awareness and Social welfare programmes were organized:

## 6. Placement Drive:

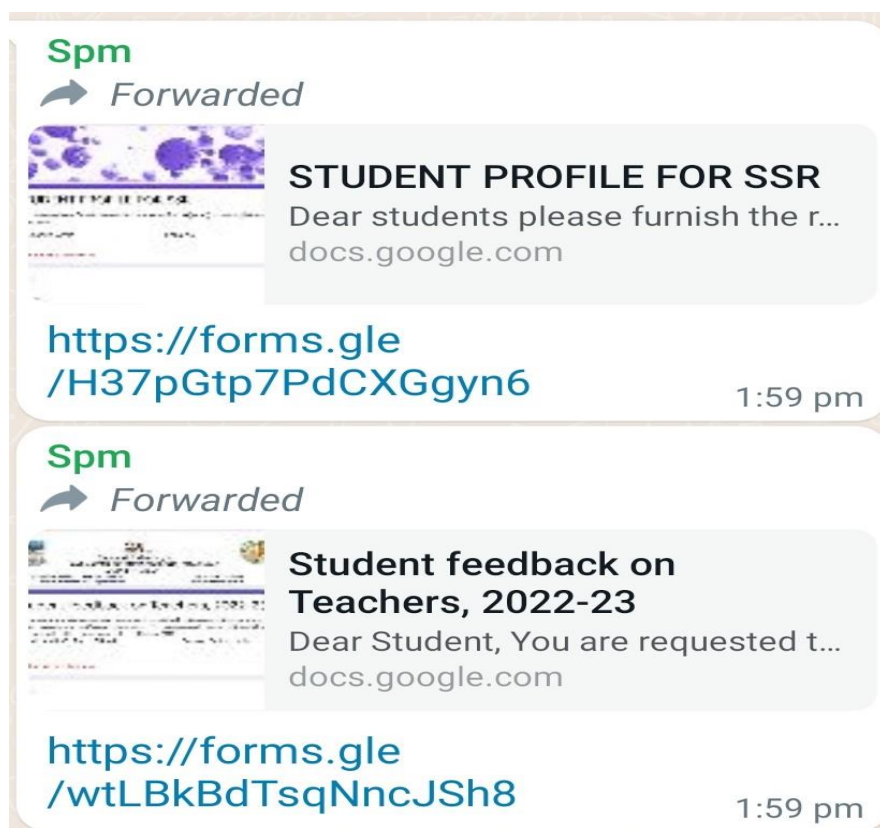

IQAC proposed to conduct regular placement drives in the courses like BCA, B.Sc. (CS), and M.Sc (Physics).

**Outcome:** Accordingly, these departments have conducted placement drives and many students from these departments have been selected by many private companies and service providers (corporate sector).

## 7. Assessment of teacher's performance:

An effective feedback mechanism was adopted by IQAC to collect the students feedback about the teachers in the online mode (Google forms), focusing on different academic aspects. After analysis, the performance report of each individual teacher is represented in the graphical form, and the same is submitted in a sealed envelope to the Principal, with a request to serve the same to the teachers.

**Outcome:** Individual teacher comes to know about their academic performance, and this paves the way for an improvement in their future performance.
