### 7.1.5: Green campus initiatives include

#### 7.1.5.1- The institutional initiatives for greening the campus are as follows

1. **Restricted entry of automobiles:** The Institute surrounded by three gates. In each gate the entry is highly restricted, no public buses are allowed in the Institute premises.

2. **Use of biocycles/Battery-powered vehicles:** As the Institute is in the centre part of the city and also there is very good connectivity from different part of the city makes majority of the students to make use of public commute. Also students have free bus pass from their place to the Institute, make larger students to use public commute. Hence, use of personal vehicles inside the campus is very less, this keeps campus free of air pollutants.

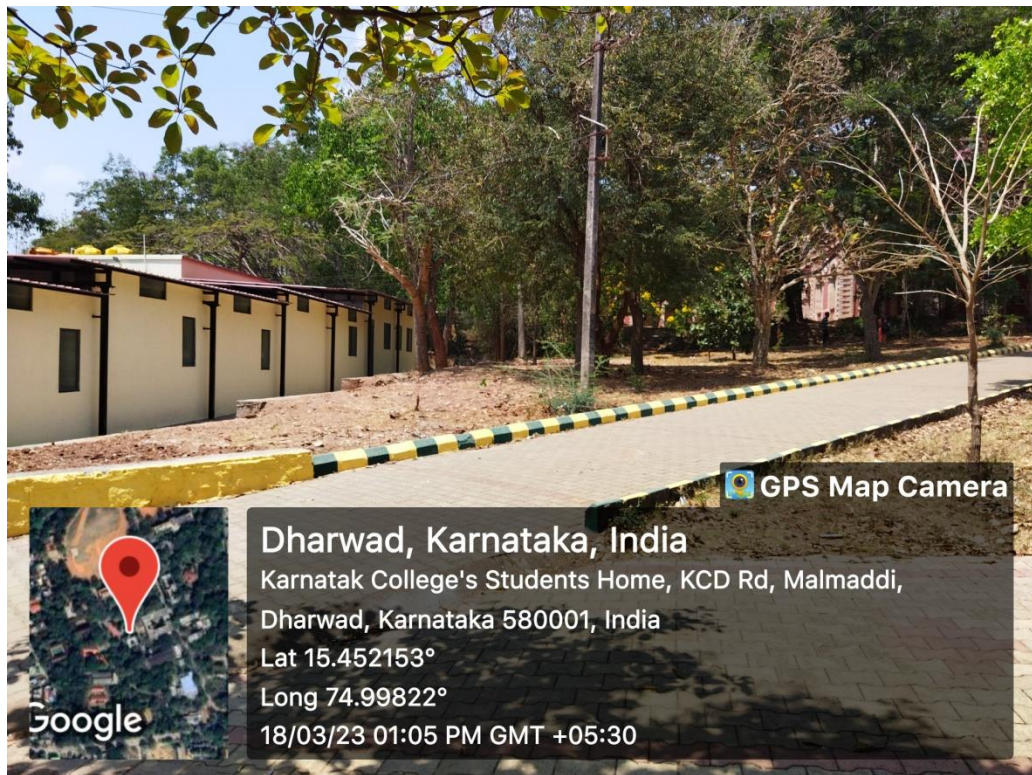

## College Students Using Battery powered Vehicles

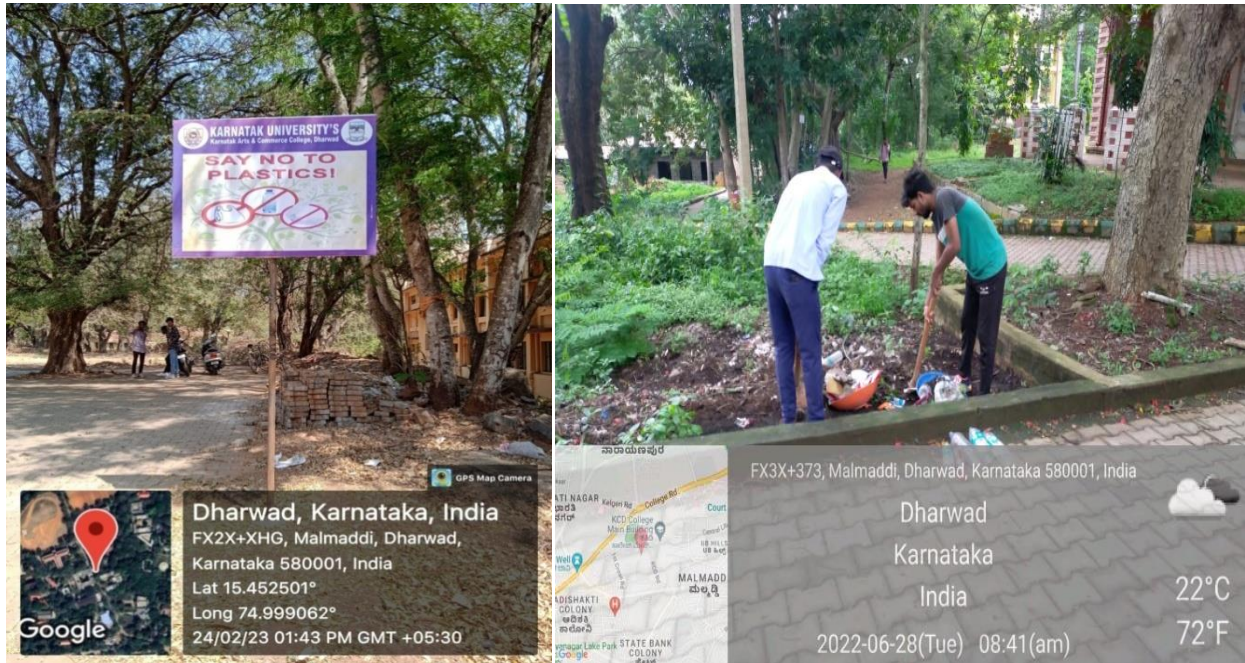

3. **Pedestrian-friendly pathways:** The entire Institute, is landscaped in such a way that, there is a good pedestrian pathways available to connect different departments and to the hostel located in the campus

4. **Ban on use of plastics:** The Institute is completely free of plastics. As the campus is shared by both arts and science colleges, in the prime locations of the campus, SAY NO TO PLASTIC banner is placed this every time alerts the student as well as teaching and nonteaching fraternity to thing many times before use of plastics. Due to this awareness board about not to use of plastics makes the campus very neat and bio-friendly campus. We could see diverse varieties of birds in the campus. The NSS unit always works towards maintaining clean campus. The students voluntarily participated in making plastic free campus.

### **Maintaining cleanliness of Karnatak Science College Campus.**

5. **Landscaping:** Institute has very good landscaping. Although campus has huge diverse plants, every year on environmental day plantation programme will be done, this year too, about 50 plants have been planted in the campus.
