

### **One day workshop on “NEP for B.Sc. Botany III and IV semester syllabus” 2021-2022**

A one day workshop on “NEP for B.Sc. Botany III and IV semester syllabus” was held on 25<sup>th</sup> June, 2022. The Chief Guest of the function was Prof. T.C. Taranath Director, College Development Council and Affiliation, Karnatak University, Dharwad. Who emphasized on the mode of teaching from Gurukula system to present NEP system of education. The Principal Dr. S. C. Chougala of Karnatak Science College, Dharwad president presided over the function. Head of the department spoke about the workshop and the highlights of the previous workshop on the implementation of NEP in Botany conducted on 29<sup>th</sup> October, 2021. B.Sc. III semester comprises mainly Anatomy and Embryology and B.Sc. IV semester consist mainly of Ecology. The workshop aimed at introducing the units and subtopics under each subject heading. This was in accordance to the state syllabus.

Teachers from various places affiliated to Karnatak University were present from Dharwad, Sirsi, Gadag, Ranebennur, Naregal, Haveri, Hubballi, Dandeli and Ankola. A total of 45 participants were present including staff of Karnatak Science College, Dharwad. Each and every subject heading with its units and subtopics were presented by Dr. K. Kotresha individually so that all the participants could see and understand the topics that were proposed. Certain species not available in the drier regions of Uttar Kannada were replaced. Clarity in the unit topics was obtained through discussions proposing the pros and cons. Repetitions in the III and IV Sem was eliminated. Feedback of 23 teachers was collected excluding staff of Karnatak Science College, Dharwad. From the feedback obtained all teachers agree that the objectives of the workshop were clearly defined. Some of the teachers strongly agreed that the objectives of the workshop were very well executed. The participants strongly agreed that there was good interaction and discussion were encouraged. The topics in syllabus were modified relevantly and ample amount of time was allotted for the syllabus discussion and interaction.

Hence this Workshop was arranged to critically introspect, meticulously and judicially analyze and then frame what is best suited to incorporate into the syllabus.

DSCC subjects were also discussed. CBCS V and VI Sem topics were also finalized.
