Preamble:

The Department of Studies in Philosophy is happy to introduce choice based credit system (CBCS) in all programmes. Where logic is being taught as one of the optional keeping in line with Karnatak University's CBCS structure. The department offers a varied, updated, practical and effective syllabus for B.A. programme in logic. The department uses learning outcomes based on curriculum frame work (LOCF) of UGC to design the syllabus. This helps the stakeholders to easily appreciate the objectives and outcomes of the course.

Course objectives:

The course makes students to distinguish correct thoughts from incorrect thoughts. It aims at acquainting the students with logical reasoning and enables to prepare for different exams in day today life. It helps students to detect the societal problems and finding proper solution to them.

Learning Outcomes:

The students who are completed their education by opting logic as one of their optional subjects, students can think sound, sharp and skilful at micro level. Because they get training with scientific way of reasoning. They are always eager and capable to solve the problems in proper way of their every walk of life.

Semester- I

Sub: Logic

As Discipline Specific Course(DSC)

Total No. of hrs/ semester : 60

Examination: 3 hrs

Paper: Traditional Deductive Logic-I

1. Nature and scope of logic : the formal character, Form and matter, validity and truth; uses of logic,
2. Nature of proposition: sentence and proposition: reduction sentence to logical form Traditional analysis and classification of propositions: distribution of terms; limitations traditional classification of propositions, Boolean interpretation of propositions.
3. Laws of thought: Law of identity, law of contradiction law of excluding
4. Nature and types of inference: immediate inference (opposition of propositions and education only) Limitations of the traditional theory of immediate inference.

General Outcomes of Logic:

5. 1)Critical Thinking and its components.
2)Critical thinking: A Second order Activity
3)Identification and Analysis of the Problem
4)Organizing the Date and identifying the Errors.

GENERAL PATTERN OF THEORY QUESTION PAPER FOR ALL THE SEMESTERS of DSE/ DSC

1. Question number 1.12 carry 2 marks to answer any 10 questions : 20 marks
2. Question number 13.21 carry 5 marks to answer any 6 questions : 30 marks
3. Question number 22.26 carry 10 marks to answer any 3 questions: 30 marks
(10 marks questions may be 6+4 or 7+3 or 10) Total: 80 marks
